NetballHub · Team handout

Submit your match without an account

Keep the committee's shared competition link. No password needed. Home and away teams submit separately.

1. Open the shared competition link. Upcoming games appear first. Search by team or filter From/To dates; choose Past for older games. Select your match and HOME or AWAY team. Approved matches are locked.
2. Enter your full name and email, plus any club details requested. Read the privacy notice and terms, confirm where prompted, then press Email me a private link.
3. Open the verification email and click its link — there is no code to type. If missing, check junk/spam and the email spelling, then return to the shared link to request another email. Use the newest email.
4. Complete your team sheet using full player names where possible. Record each player's position in Q1, Q2, Q3 and Q4: GS, GA, WA, C, WD, GD or GK; leave not-played quarters blank.
5. Enter BOTH teams' running scores at the end of every quarter. Example: 14, 20, 29, 42 means the final score is 42. Q4 must match the final score; the app calculates quarter goals and points.
6. Complete the enabled opposition POM/MSP nominations using the requested name or quarter and position. Give an honest private sportsmanship rating: Outstanding, Good, Average or Poor.
7. Upload a clear picture of the completed score sheet — this is mandatory. Make every quarter and the final score readable; avoid unrelated personal information.
8. Check your entries and press Submit. Keep the confirmation email. The committee will approve or request corrections; use that email link to correct and resubmit within 24 hours if asked. Approved match results cannot be edited unless the committee requests a correction.

Example phone view. Open the link shared by your committee, not a screenshot of the form.

Before you start
Have the complete score sheet, quarter totals, team names and player positions ready.

Need help? Contact your league committee. Check junk/spam for the verification email. No email? Reopen the shared competition link and request a new one. Do not forward your personal email links.
